### CMF warns about unregulated investment platforms

**December 5, 2023** — The Financial Market Commission (CMF) alerts the public about two platforms offering investment services that are neither enrolled with nor supervised by the Commission. These are:

- **INVERLION** (inverlion dot com).
- **HitBTC** (hitbtc dot com).

#### Recommendations

- Use popular Internet search engines to identify any complaints or negative feedback about the company through its name, its directors, and the products being considered for investment.
- [The special alerts page](#) on the CMF website allows interested parties to verify whether an entity or person offering financial products or services is supervised by the Commission; review alerts issued by the CMF and other foreign regulators on unregulated entities or activities; and obtain important advice on how these scams operate.
