

CMF extends public consultation timeframe for regulatory proposal on corporate governance, recovery planning for banks

April 17, 2026 — The Financial Market Commission (CMF) extended the timeframe of the public consultation for the regulatory proposal that adjusts banks' management assessments: corporate governance and implementation of recovery planning.

The new timeframe to submit comments or observations runs until June 10, 2026. The decision acknowledges a request filed by the industry given the regulation's complexity and potential impact.

Feedback must be submitted through the [Regulations Under Consultation section](#) of the CMF website, which contains the proposal's full text along with its [Regulatory Report](#).
