CMF amends regulation on submission of ongoing information by General Fund Managers

The proposal extends the transition timeframe to the Information Systems Manual for Funds (ISMF) by five months.

November 17, 2026 — The Financial Market Commission (CMF) issued today a regulation amending General Rule No. 532, which governs the submission of ongoing information by General Fund Managers.

The regulation extends until April 30, 2027 the timeframe in which these entities must continue submitting in parallel information required by Circular Letters that will be repealed on May 1, 2027. Said extension aims to ensure a gradual, orderly transition to the Information Systems Manual for Funds (ISMF) while safeguarding the continuity, consistency, and quality of information necessary for the CMF's supervisory work.

Details of the regulation are available on the **CMF website**.
